

BAT BITES

INGREDIENTS

- 1/3 cup cocoa powder
- 1 1/2 cups whole milk
- 1/3 cup honey
- Paper straws

DIRECTIONS

Mix all ingredients in a medium bowl until completely mixed together and smooth, making sure cocoa powder is completely dissolved. You can also mix the ingredients in a blender. Pour mixture into small paper cups or an ice cube tray. Cut paper straws in half and add one half of a paper straw to each cup or ice cube tray section. Place into freezer and wait until frozen solid. Remove from freezer, remove from paper cups or ice cube tray and enjoy!

TIP:

- If the paper cup does not peel off easily, try running cool water over the outside of the paper cup for a few seconds and then remove. Same method works on ice cube trays, too - just make sure you run cool water over the bottom side of the ice cube tray and your Bat Bites should pop right out!
